

### **A Photocopier**

*I'm a Xerox 265 photocopier – I know that much  
One of those digital machines that's worked by touch  
To copy and email is my lot  
Use me too much and I'll get too hot*

*I can staple and collate  
Paperclips, are something I hate  
With wear and tear I may need a new part  
Leave me idle too long and you'll have to re-start*

*An essential part of the office life  
Some firms have a Colour 7132 which I call my wife!  
Quick and fast is the name of the game  
I am writing this because I seek some fame!*

*Treat me with care and Ill go on forever  
Kick me and thump me and perform Ill never!  
I must get on as I have loads more to do  
Hours to rest I have relatively few!*

*Linda Rupniak 22<sup>nd</sup> November, 2012*
